CHINESE FORCING JAPS BACK

BUDGET SUBMITTED TO COMMISSIONERS FOR CONSIDERATION

NUMEROUS PROBLEMS FACING MUNICIPALITY DISCUSSED AT MEETING

Proposed operating budget for the city of Corsicana for the fiscal year of 1937-38 was presented at the recessed session of the second regular August meeting of the Corsicana City commission Wednesday night and the public hearing set for 2 p. m., September 7.

It was also reported that city and board of education officials would go to Dallas Thursday for a conference with W. P. Dumas, widely known bond attorney, prior to making any move toward calling an election for the issuance of bonds for construction of an addition to the junior high school plant.

A report and some recommendation from the city engineer in regard to a potential water shortage in Corsicana and means of eliminating the possibility were also submitted to the commission.

Mayor J. S. Murchison presided at the session with Commissioners J. H. Burke, John F. Garitty, and N. F. Garrett answering to roll call. Minutes of the last session were read and approved.

Ed Surber appeared before the commission and asked permission to install a section of four-inch pipe in front of his place of business in the 300 block on North Beaton street to hold up a large neon sign. The proposed installation was approved by City Engineer W. V. Nowlin who also reported that the building could not stand the strain of the heavy sections of the installation as it was a matter of which he has no jurisdiction. The commission agreed to permit the installation of the pipe under the engineer's supervision.

The financial report of City Secretary J. P. Welch was presented, ordered received and filed. Approve Bond Purchase. The commission approved the purchase of \$21,000 in City of

ALLRED ORDERS 25 RANGERS TO DALLAS TO STOP VIOLENCE

GOVERNOR DECLARES WILL SEND MORE MEN THERE IF FOUND NECESSARY

AUSTIN, Aug. 19.—(AP)—Governor James V. Allred today ordered the Public Safety Department to send 25 men to Dallas at once "to put a stop to the beating of persons and other violence there."

The governor acted after reading of reported threats against George Baer, official of the United Hatters and Milliners Union, who was abducted recently and flogged by a group of men.

He sharply denounced the violence and declared that if 25 men were not enough to prevent recurrence he would send more. "My information is that threats of violence are continuing," Governor Allred said.

This business of beating and kidnapping has got to stop," Capt. Homer Garrison, director of the safety department in the absence of Col. H. H. Carmichael, said he intended to issue orders to all the men by

"The men sent to Dallas will be gathered from ranger companies in all parts of the state," he said. A few days ago the governor posted a reward of \$500 for information leading to the arrest and conviction of persons connected with the tarring and feathering of a socialist organizer and instructed the public safety department to join the investigation.

At that time he asserted that if local officials were unable to find the guilty persons and prevent violence the state would step in. He said rangers still were on duty at Fort Worth in connection

Wife of Alabama Governor May Be Named Senator

WASHINGTON, Aug. 19.—(AP)—

Senator Hugo Black received from the hands of President Roosevelt today his commission as an associate justice of the supreme court.

The 51-year-old Alabamian said he had not decided when, or where, he would take the constitutional oath or who he would ask to administer it.

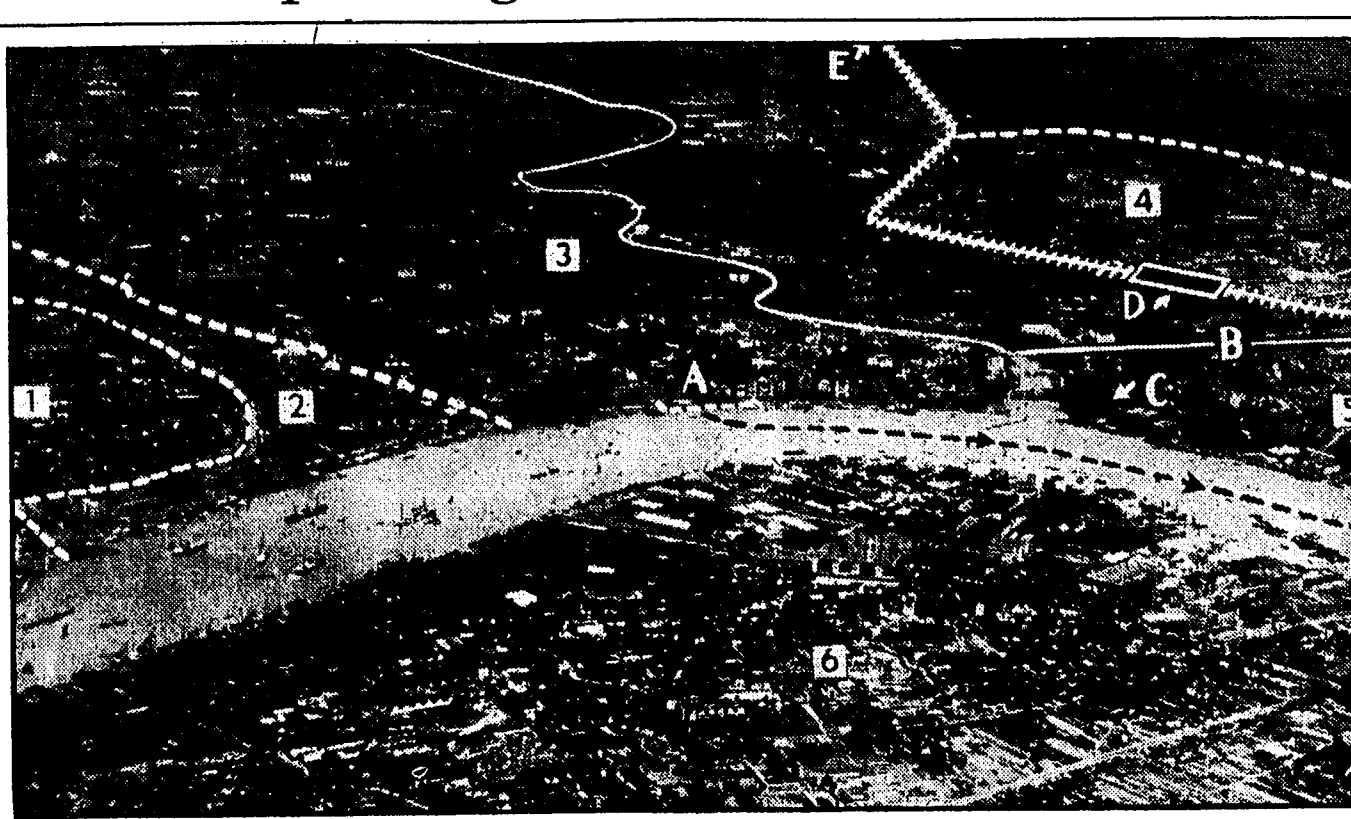

He added, however, he thought he would take the oath late today or tomorrow.

He said he would resign from the senate at about the time he was sworn.

WASHINGTON, Aug. 19.—(AP)—Mrs. Dixie Graves, 55, wife of the governor of Alabama, was in the capital today, ready to serve her state as senator if appointed by her husband.

Fire Swept Shanghai Waterfront After Shelling

This aerial view of the Shanghai battle area shows the customs jetty (a), where American women and children were put on tenders to proceed amid shellfire down the Whangpoo River, as indicated by black line, to American ships waiting at the river's mouth. Latest battle lines were drawn from the area north of Shanghai centering on North Szechuan Road (b), through the fringes of Hongkew (c), where 35,000 Chinese troops were entrenched with heavy artillery which peppered Hongkew and Japanese warships across the river front. The Japanese sprayed western sections of the International Settlement (3), and fires raged in the Chinese section of Chapel (4). Before the famous Astor House (c), could be closed, the Japanese military quartered 1,500 Japanese refugees there, virtually ejecting the management and taking over the property. Bursting shells shook the heart of the French concession (2), just north of the Chinese native city of Mantao (1). Japanese bombers dropped explosives on the junction of the Shanghai-Hangchow and Shanghai-Nanking railroads, just beyond (e). The route of Shanghai-Nanking line is shown as it comes into North Station (d).

PORTUGAL SEVERS RELATIONS WITH CZECHOSLOVAKIA

UNFULFILLED ORDER FOR MACHINE GUNS CAUSE; COMMENT BLAMES RUSSIA

LISBON, Aug. 19.—(AP)—The authoritarian Portuguese government announced formally today it had severed diplomatic relations with the republic of Czechoslovakia over an unfulfilled order of machine guns.

At the same time Portugal accused Czechoslovakia of yielding to the "influences and pressure" of an unidentified "third party" in blocking fulfillment of the arms order.

The official Diario De Noticias promptly declared, in interpretation of the move, that Czechoslovakia had received "instructions from an eastern power" not to supply arms to a country which was a sure guarantee against a communist Iberian peninsula.

In the same comment, the newspaper declared Czechoslovakia had been a "stronghold in Central Europe and perhaps the Soviet's largest air base."

"Portugal's attitude is a noble one," it added. Portuguese communiques bluntly attributed the Praha government's reluctance to permit a Czechoslovakian armament firm to supply a larger order of machine guns to Portugal to Portugal's attitude on the civil war raging within her neighbor, Spain.

Portugal, governed by a fascist-inclined premier, Antonio De Oliveira Salazar, lies at the back-

HOUSTON YOUTH IS FACING CHARGES OF KIDNAPING PLOT

PULLED GUN WHEN 2,000 FEET IN AIR BUT LATER IS OVERPOWERED

HOUSTON, Aug. 19.—(AP)—Boys Jack Hamerly, who "wanted to fly off somewhere to look for work," was arrested today on charges he kidnapped an airplane pilot while 2,000 feet in the air.

The hearing will be held Monday before Justice of the Peace J. M. Ray, before whom complaints were filed charging 19-year-old Hamerly held up a taxi cab driver and kidnapped Pilot Bob Hunt.

Detectors Arch Spradley and Ira Williams related the youth admitted he tried to force Hunt to take him to Laredo, where he wanted to find a job.

Pilot Hunt managed to thwart Hamerly's plans. "We took off from a private airport and I climbed to about 1,500 feet. Suddenly he (Hamerly) punched me. He was seated next to me in the small plane.

"I turned and saw he had a pistol in his hand. All right, stick

Veteran Airmen Wait On Weather In Fliers Search

FAIRBANKS, Alaska, Aug. 19.—

Airmen of three nations watched today for a favorable turn in the weather that would allow them to launch a search for six Soviet transpolar fliers missing since last Friday.

Veteran Arctic aviators of the United States, Canada and Russia were ready to take to the air as soon as rains and clouds, that have kept them grounded for days, are dispelled.

The Soviet plane, piloted by Sigismund Levanevsky, was last heard from Friday shortly after it had passed the North Pole on a 4,000-mile flight from Moscow to Fairbanks.

While Pilot Bob Randall waited at Point Barrow for orders to resume the search, Jimmy Mattern, who flew here from California to join the hunt; Joe Cross, noted Alaskan pilot, and other U. S. fliers were ready to scour the country.

Soviet fliers planned to hop from Russia over Levanefsky's route in hopes of finding a trace of the missing aviators.

Willkins to Aid Search. NEW YORK, Aug. 19.—(AP)—A huge flying boat equipped for Arctic operations left Long Island Sound at 11:40 a. m. (E.S.T.) today on the first leg of a flight which will carry Sir Hubert Willkins, the explorer, into the Far North to aid in the search for missing Soviet transpolar aviators.

Up to the moment the boat left, See SOVIET FLIERS, Page 9

FRANCO'S FORCES REPORTED ADVANCING ON SANTANDER CITY

GOVERNMENT FREIGHTER REPORTED RUN AROUND OFF TURKEY

HENDAYE, Franco-Spanish Frontier, Aug. 19.—(AP)—The Spanish insurgent high command asserted today that Santander's outlying defenses, to the southwest of the Biscayan seaport, had "melted away" while the insurgent attackers ploughed to within 20 miles of their goal.

The five-day push toward Santander, the government's last city stronghold on the Bay of Biscay, was estimated to have brought capture of 10,000 of the stubborn defenders.

The government positions have been surrounded and gobbled up by the relentless thrusts of Generalissimo Francisco Franco's infantry, artillery, tanks and planes.

Ship Driven Aground. ISTANBUL, Aug. 19.—(AP)—The Spanish government freighter Amuru was reported today to have been attacked and driven aground off Gallipoli, Turkey, by an unidentified submarine.

The ship was fired on last night almost at the same spot in the Dardanelles where another Spanish government merchantman, the Clueta, was sunk by a submarine four days ago.

ROOSEVELT SPEECH EMPHASIZES SPLIT IN PARTY'S RANKS

TERMS HIS CRITICS 'AMERICAN LORD MACAULAYS' IN WEDNESDAY TALK

By NATHAN ROBERTSON
WASHINGTON, Aug. 19.—(AP)—President Roosevelt's aggressiveness since the collapse of his legislative program—evidenced anew in his Roanoke Island speech—emphasized today the potentialities of the split which has developed within his party during this session of congress.

The chief executive followed up his selection of liberal Senator Blawie (D-Ala.) for the supreme court with a fighting speech yesterday at Roanoke Island in which he characterized his critics as "American Lord Macaulays" who do not believe in democracy.

These two developments within the past week culminated a series of events which have completely changed the political picture since the president began his second term seven months ago today.

The Black appointment in itself was evidence of the changing political scene. It topped off a sudden shift in senate leadership, in which the death of Senator Robinson of Arkansas was only a part.

At the outset of the session, Robinson and Senators Harrison of Mississippi and Byrnes of South Carolina were the acknowledged senate leaders and Roosevelt spokesmen on Capitol Hill.

Suddenly, younger and more liberal senators took their places. Majority leader by one vote over Harrison, and Senators Schwel-

RED CROSS RELIEF FUNDS OVERDRAWN; OTHERS IN NEED

THREE COUNTY COMMUNITIES HAVE SENT IN CONTRIBUTIONS TO DATE

Total applications for assistance as a direct result of the storm of two weeks ago, reached 100 cases Thursday and with 64 yet to be decided upon by the general court, the committee received 164 cases by fellow countians lacked \$230.75 of meeting the awards made to 123 cases by Red Cross authorities.

At the last meeting of the board of directors, a relief fund of \$210.50 was awarded to 19 families for household goods; seven families received awards of \$372.25 for building and repairs; and 11 cases received clothing amounting to \$156.25, or a grand total of \$1,239.50. Total awards to date amount to \$6,520.50 while total contributions up to noon Thursday amounted to \$8,259.75.

Miss Frances Blackburn, case worker in charge of local relief activities, emphasized Thursday that relief was being awarded only

Senate Passed Child Labor Bill By Full Consent

WASHINGTON, Aug. 19.—(AP)—

The senate passed the Wheeler-Johnson child labor bill by unanimous consent today and sent it to the house.

The measure would prohibit interstate commerce in goods made by children under 16 years of age, and in the case of hazardous industries under 18.

The same language was incorporated in the wage and hour bill, which passed the senate, but the senate passed the separate measure today when Chairman Wheeler (D-Mont.) suggested that action might result in approval of that part of the wage-hour measure at this session of congress.

The wage-hour bill has been shelved for the session. Besides prohibiting shipment of child labor goods in interstate commerce, the Wheeler-Johnson bill would prohibit shipment of such goods into any state in violation of its laws. It would require labelling of merchandise made by children.

PASSAGE OF HOUSING BILL REMOVED LAST CONTROVERTED BILL

MEASURE AS PASSED BY THE SENATE DRASTICALLY CHANGED BY LOWER HOUSE

WASHINGTON, Aug. 19.—(AP)—House passage of the \$526,000,000 low cost housing program removed today the last big controversial feature of the waning congressional session.

The senate bill, authorizing federal loans and grants for state and municipal housing projects, was changed drastically by the house before it voted approval last night, 274 to 86.

As a result, a committee must adjust the differences in the house and senate versions before the bill can go to the White House.

The housing program was the final measure on the Roosevelt program which democratic leaders decided could be salvaged. Much of the administrative legislation—crop and government reorganization—has been deferred to the next session.

The only important tasks remaining before adjournment, apart from the housing agreement, were senate passage of the bill to close tax law loopholes and to make \$98,000,000 deficiency appropriations. Little opposition was in sight, strengthening predictions that the session would end Saturday night.

In brief, the housing measure as passed by the house provides: Loans to state and municipal agencies for developing low-cost housing or slum clearance projects, with communities putting up 15 per cent of construction

See CONGRESS, Page 11

GAS PRESSURE IN EAST TEXAS FIELD DECLINES SHARPLY

OPINION EXPRESSED THAT WITHDRAWAL OF OIL FROM AREA TOO GREAT

AUSTIN, Aug. 19.—(AP)—The railroad commission, conducting a statewide production hearing, heard a report of its engineers today that gas pressure in the Big East Texas oil field had declined sharply in the last month.

E. V. Cottingham, chief engineer, testified the average bottom-hole pressure on August 12 was 1,141.35 pounds, which represented a decline of 13.71 pounds from July 12, or an average drop of 335 pounds per million barrels of allowable production.

He expressed the opinion the decline was excessive and withdrawals of oil were too great. If the present factor on which the allowable is computed should be continued, he said, there would be an accelerated pressure reduction.

"An efficient allowable would be between 425,000 and 450,000 barrels daily," Cottingham testified. "On August 16 it was 473,465 and it probably will be more than 475,000 by the end of August."

East Texas is allowed to produce 2.32 per cent of the average hour potential, this factor having been in effect for many months. Some operators say in Cottingham's report a strong probability the allowable of the field would be curtailed. Ernest O. Thompson, commission member, previously had indicated the allowable for the whole state would be reduced because of anticipated seasonal decline in demand.

Texas Share in Demand. The commission also received the report of the Federal Bureau of Mines estimating Texas share of the national demand for crude oil production in September at 1,413,600 barrels daily. The estimate was an increase of 18,400 barrels over that for August, and 138,800 barrels less than the current estimated production of 1,529,400.

Reporting on results of an inquiry, Thompson said crude oil runs to stills by Texas refineries was 988,000 barrels daily in June of 1935, an increase of 52 per cent. Texas has been steadily increasing its crude production," he said, "yet stored stocks have not increased significantly, which when considered in conjunction with the increase in refinery demand by Texas plants the storage has been materially reduced."

Net reduction from June, 1935, through June 1937, was said to have been 5,639,545 barrels, including refinery, pipeline and terminal storage. Crude runs to stills per day showed an average increase of 100,000 barrels over the same period, Thompson said.

American Killed in Spain. VALENCIA, Spain, Aug. 19.—(AP)—John Howard Jordan, American manager of the Vacuum Oil Company in Spain, was killed today in an automobile accident.

LIVESTOCK MARKET EXPERTS SEE RELIEF FOR CONSUMERS FROM HIGH PRICES OF MEATS

CHICAGO, Aug. 19.—(AP)—Meat consumers' pocketbooks now being burned by last year's drought, may get a little relief before the year ends, livestock market diagnosis indicated today.

Recent declines in wholesale pork prices, market experts said, may pressure lower meat costs soon for retail buyers.

While figures on butcher shop window displays throughout the nation disclose prices of some beef and pork cuts are the highest in seven years or more, material reduction in prices, market observers agreed, depended upon increased receipts at slaughtering centers this fall and winter.

Although it has been a year since the broiling sun was burning up livestock feed and hay, since the drought, the grain belt, the full financial effect of the drought just now is being felt in the city. Last week prices of hogs and cattle were higher in 11 and nine years, respectively.

There are factors in the trade, experts said, which might stimulate livestock marketing. This week hogs have taken the sharp cut tumble in months, dropping \$1 per hundredweight from last week's top. Best fresh pork loin cuts, for example, have declined 3 1/2 cents per pound wholesale from last week's high and some beef cuts also have been lowered.

Experts said the possibility of a general recession in meat hinged largely on the harvest of big grain crops this year. Resistance of consumers to normal purchases, they said, will tend to keep price rises in check but no material downturn was in prospect until receipts were increased.

This might occur through nor-

DRIVE THREATENED TO DISRUPT PLANS OF INVADING FORCE

JAPANESE REINFORCEMENTS ARRIVE DURING HEIGHT OF CHINESE ADVANCE

By JAMES A. MILLS
SHANGHAI, Aug. 19.—(AP)—Masses of Chinese infantry struck hard at the heart of Japanese shore positions in eastern Shanghai late today and forced the enemy's lines back almost to the Whangpoo river.

The Chinese drive came just as vanguards of a Japanese army from the homeland were reaching the Shanghai war zone. It threatened to disrupt plans of the Japanese command for seeking victory on a greatly extended front.

The advance of the Chinese was reported to have reached well within the Eastern—Or Japanese-held—district of the international settlement.

The attacking Chinese forces came from the Kiangwan area, on the northeast. Apparently they were trying to isolate several thousand Japanese marines holding the Hongkew sector.

The Chinese attacking forces braved savage bombardment from the air, from Japanese warships on the river and batteries ashore as they drove their lines forward. Military experts said that if the Chinese succeed in reaching the waterfront and holding their new lines the position of the Japanese between the Whangpoo and Soochow creek—hitherto the main Japanese land forces—would be precarious.

The Japanese command, however, prepared to throw into the battle for Shanghai the new army arriving first in the Yangtze. It would extend the field of operations and compel the Chinese to withdraw by flanking movements.

Reinforcements Landed. Seven Japanese landed Japanese reinforcements and war supplies at Japanese docks on the Whangpoo waterfront today. Sixteen more transports with 204,000 soldiers aboard were reported lying at the mouth of the Yangtze, ready to attempt a landing under cover of darkness and the guns of their battle fleet.

The Chinese thrust came amid swirling first Japanese attacks in the Kiangwan area of North Shanghai where Shanghai's great elvish center is located. There, the Chinese apparently were holding their own against the Japanese infantry, artillery, naval and air attacks.

Heavy reinforcements of regular army troops from Japan landed in the Yangtze area. Seven transport loads of men, munitions and artillery were landed; sixteen Japanese troops, carrying 20,000 men, lay off the mouth of the Yangtze. Huge Chinese forces were concentrated at Nanking, the capital up the Yangtze, to reinforce the more than 100,000 already fighting

FINE CATTLE WILL BE EXHIBITED HERE FOR OCTOBER EVENT

MANY PURE BLOODED HEREFORDS NOW OWNED IN NAVARRO COUNTY

Discussing the possibilities of entries in the Navarro County Fair and Livestock Exhibit scheduled for Corsicana from October 13 to 16, J. N. Edens, vice-chairman of the general arrangements committee, asserted Thursday that the county could compete on blood-lines or any other feature with the outstanding herds of the nation, which might be extended to a world-wide scope since Great Britain, the home of the breed, has recently been importing animals from the United States to improve their original strains.

In addition to the blooded lines reserved for breeding purposes, it is estimated that commercial beef animals raised for the market will account

LONG-TIME RESIDENT EUREKA COMMUNITY BURIED THURSDAY

Funeral services for A. B. Thomas, aged 82 years, who died in his home in the Eureka community early Wednesday morning, were held Thursday afternoon at 4 o'clock from the Eureka Methodist church with interment in the Eureka cemetery. The rites were conducted by Revs. George Evans and L. O. Cunningham. The Macons had charge of the services at the grave.

Mr. Thomas had resided in the Eureka community for the past 41 years and was a prominent farmer and took an active interest in community affairs.

Surviving are his wife, five sons, Simon Thomas, Whittier, Cal.; J. N. Thomas, O. D. Thomas, D. H. Thomas and S. J. Thomas, all of Eureka; two daughters, Mrs. R. B. Grantham and Mrs. D. A. Watkins, both of Eureka; 18 grandchildren and a number of other relatives.

Palbearers were eight grandsons.

The funeral was directed by L. B. Bonner, assisted by Sutherland-McCammion Funeral Home.

Birthday Surprise Was Given Popular Kerens Woman

KERENS, Aug. 19.—(Spl.)—Mrs. C. W. White was royally entertained with a surprise party at the home of Miss Lilla Mae Cheek on her birthday Monday evening. She was invited to the home on some pretext and found a group of friends assembled on the lawn and a picnic supper, complete in every detail, already spread.

After they had eaten all the fried chicken, etc., they got in cars and drove to Malakoff where they attended both a show and a skating rink, returning to spend the rest of the night mostly "just talking."

Those present included Mrs. A. R. Carroll, Mrs. Ruby Nowell, Mrs. Ernest Grey, Mrs. Josephine Means, and Misses Bortha Holt, Katherine Ivey, Cecil Ross, and Virginia Crowley, and the honoree, Mrs. White was presented as a token of esteem, two lovely bedspreads.

Kerens Personal Mention.

KERENS, Aug. 19.—(Spl.)—Mr. and Mrs. J. R. Griffin of Gladewater were guests of Mr. and Mrs. Will Talley Thursday. They were enroute home from a vacation spent in Old Mexico.

Mr. and Mrs. W. G. Johnson had as their guests Sunday, Mr. and Mrs. Wiley Gill of Dallas.

Mr. and Mrs. Jack Dindell and small son were Sunday visitors in the Andrew Talley home.

Mr. and Mrs. F. L. Seale of Corsicana and Mrs. Chester Carroll of Waxahatchie were guests of Mrs. Nettie Seale Tuesday.

Mr. and Mrs. R. L. Lowrance and Bonnie, of Plano, are visiting Mrs. Lewis Lowe this week.

Rev. Joe N. Everheart was called home from Abilene, where he was holding a revival meeting, to conduct the funeral services of Mrs. Laura Berry, who passed away early Wednesday morning.

Wayne Thompson, young son of Mr. and Mrs. Clyde Thompson, remains seriously ill.

Mr. and Mrs. Cloud of Murchison are here for a few days to

SCHOOL CALENDAR FOR COMING YEAR ANNOUNCED TODAY

Work of cleaning, repairing and renovating Corsicana's public schools, in preparation for the opening of the fall term of the 1937-38 year on Sept. 7 (Tuesday) is nearing completion, it was announced today by Superintendent W. H. Norwood. The school calendar for the year, adopted at a recent meeting of the board of education, was announced by the superintendent.

The calendar:
Tuesday, Sept. 7, 1937, classes begin.
Thursday and Friday, Nov. 25 and 26 1937 Thanksgiving holidays.

Wednesday, Dec. 22, 1937 (at close of day) to Jan. 3, 1938, Christmas holidays.

Friday, Jan. 21, 1938, mid-term closes.

One additional holiday may be had in the fall semester above. If not used, the schools will discontinue for the Christmas holidays one day earlier than scheduled.

Monday, Jan. 24, 1938, Spring term begins.

Wednesday March 2, 1938, Texas Independence Day (holiday).

Friday, April 15, 1938, Good Friday (holiday).

Friday—date to be determined—district interscholastic league day (holiday).

Friday, May 27, 1938, school closes.

One additional holiday may be had during the Spring semester. If not needed for some special occasion, it will be observed at Easter time.

CONGRESSMAN JOHNSON GUARDS INTERESTS OF COTTON FARMERS AS PRICE OF STAPLE DECLINES

On Wednesday, Aug. 11, when the House of Representatives was busy on matters that were expected to lead to an early adjournment, Congressman Luther A. Johnson of Corsicana, representing the Sixth Texas district in the House, urged that something be done immediately to stop the headlong decline in the price of cotton, the chief money crop of his constituents.

He pleaded for quick action and that his words had weight is evident from while his speech was made on Wednesday, Aug. 11, on Friday, August 13. President Roosevelt agreed to peg the price of cotton at 12 cents by the 1938 method suggested in Rep. Johnson's speech.

Excerpts from Mr. Johnson's speech follow:

Mr. LUTHER A. JOHNSON. Mr. Speaker, the cotton farmers of the South face a crisis, and unless something is done immediately to stabilize the price of cotton they are threatened with bankruptcy. Since cotton is the money crop of the South, it will not only bankrupt the farmers who produce it, but labor, industry, and business of every character in that section will suffer great and irreparable loss.

For the past several weeks there has been a marked and steady decline in the price of cotton. Each day it goes lower. In March of this year the price per pound was 14.15 cents, and the markets closed yesterday at a price slightly above 10 cents per pound. This means a shrinkage in value of approximately \$20 a bale.

Each day the price is going low-

er; and if the present rapid decline continues, the loss may amount to \$30 or even \$40 a bale before the crop is marketed. No one can foretell to what depths the decline will be carried unless it is checked.

The tragedy of the situation is that the decline is occurring just as the farmers are beginning to market this year's crop, and they will bear the loss, which they can ill afford to do. Fourteen cents a pound is less than the parity price. A shrinkage of \$20 a bale would amount to approximately \$300,000, 000 loss by the cotton farmers, which would affect not only the South but the entire Nation. Bankruptcy of a class as numerous as that of the cotton producers, eliminating their buying power, will be appreciably felt in all sections of the Nation. The problem, therefore, is not local but national.

The government alone has the power to avert this catastrophe, and such power should be exercised without a moment's delay.

A similar crisis was averted by the government in 1933, again in 1934, and also in 1935. The method used was what is commonly known as "pegging" the price. In September 1933 cotton was selling for about 9 cents a pound, and the government made loans to farmers at the rate of 10 cents per pound on cotton, and the price immediately began to advance, and steadily increased until at the end of the 1933 season it was bringing about 13 cents a pound.

In the fall of 1935, when the farmers began again selling their cotton crop for that year, the speculators again depressed the market, and the government acted promptly to stabilize the price. A slightly different plan was used. The government made a straight loan of 10 cents a pound, and in addition to the 10-cent loan the farmer was given an adjustment payment equal to the difference between 12 cents a pound and the average price at which cotton sold on the 10 designated spot markets on the day that the farmer sold his cotton. In other words, if the farmer sold his cotton at 10-1/2 cents, and that was the market price on that date, he received the difference between 12 cents and 10-1/2 cents a pound so as to insure him a price of 12 cents.

For the crop of 1936 the market price ranged from 12 to 14 cents a pound, and no loans were necessary and none were made.

The Commodity Credit Corporation of the government has the authority, under legislation heretofore passed, to make loans to farmers at this time at any price that may be deemed necessary to stabilize the price, but notwithstanding the authority exists, the Commodity Credit Corporation has taken no action whatever toward making such loans for the present year.

Realizing that something should be done a week ago I introduced a bill (H. R. 8151) directing the Commodity Credit Corporation to make loans to farmers at the rate of 13 cents per pound, but since introducing this bill I have secured data from the Department of Agriculture which convinces me that the plan used in 1935 is preferable to the straight loan system prevailing in 1933 and 1934.

Statistics from the Department of Agriculture reveal that the 10-cent loan and guaranty of an additional amount to make the price bring 12 cents kept the cotton moving and did not take it off the market, and therefore worked out much better, both for the farmers, the cotton industry, and the Nation. A straight loan at a higher price means that the government would have to hold the cotton; where as a loan at a lower price and a guaranty of the difference maintains the continued and orderly marketing of the cotton, and the government does not thereby acquire a surplus, and also prevents a carry-over.

In 1934 the government at one time had (October 1934), as a result of the 12-cent loan, approximately four and half million bales of cotton, while the largest amount the government ever acquired in 1935, as a result of the plan used that year, was less than 100,000 bales.

The 1935 plan cost the government much less money, not only because the government did not have to buy the cotton, but simply guaranteed the price of 12 cents, and after this guarantee was made the price reached approximately 12 cents on the spot market.

I am therefore convinced that

Girard Oilers Won Over Rice Sunday

Girard Oilers hammered the offering of several Rice pitchers hard Sunday afternoon along with seven errors by the Rice combination to turn in a decisive 16 to 4 decision in a Navarro county baseball league contest. A. Horn, Girard second-sacker, was the hitting leader for the afternoon when he garnered four hits in six trips to the plate.

Magnolia Refiners Will Meet Terrell Sunday Afternoon

Magnolia Refiners will meet the Terrell Independents at Magnolia field Sunday afternoon at 3:30 o'clock. This will mark the first time this season these two aggregations have been opponents.

The Refiners have played the Terrell combination on several occasions in former years and the visiting club always has been a tough opponent.

Sunday, August 29, the Refiners will play the Terrell club at the Magnolia club from Dallas. That game will start at 3 o'clock. Magnolia rallied in the ninth inning of their recent engagement with the Terrell club to score three runs and win, 6-5. Herschel McClanahan, now playing first base with Texaco, formerly was a member of the Refiner club as was Allyn Smith and Calvin Brown, second-sacker. McClanahan has recently been made the manager of the Texaco boys.

Levine and Brashear Win Their Matches In Tennis Tourney

William Levine and Bob Brashear won their matches in the quarter-final round of the annual City Tennis Tournament, sponsored jointly by the Y. M. C. A. and the Navarro Tennis Club, Wednesday afternoon, and the other two matches scheduled for the afternoon were postponed because of rain.

William Levine defeated O. Boyd, 6-1; 6-2, and Brashear defeated Glenn Adkins 6-0; 6-4. The matches scheduled between Levine and Clark Stevens, and between W. L. Hendon and Sam Levine were postponed until this afternoon.

Winner of the Couch-Stevens match will meet William Levine in the semi-final, go, and winner of the Hendon-Sam Levine contest will meet Bob Brashear in the second semi-final.

a plant similar to that used in 1935 should be made effective at this time, either by the Commodity Credit Corporation under authority which it now has under existing law, or, if the Commodity Credit Corporation refuses to exercise its power, then Congress, before it adjourns, should pass mandatory legislation, requiring that such action be taken thereby assuring the farmers a price of 13 cents or more for this year's crop.

The gravity of the situation is not realized by the nation at large. There is no group of Americans more in need of assistance at this time than the cotton producers, and surely this Congress and our great president will not turn a deaf ear to them in their hour of need.

MANY ENTRIES IN MODEL AIRPLANE CONTEST SUNDAY

SEVEN CITIES ALREADY REPRESENTED IN CONTESTANTS FOR PRIZES

From seven Texas cities and towns already have come between 40 and 50 entries for the gas model airplane contest to be held on the site of the old Municipal Airport on the Embouche road, beginning at 10 o'clock Sunday morning and continuing throughout the day, it was announced today by James Brantley one of the Corsicana enthusiasts promoting the event. At least 35 more entries are expected.

"Men, women, boys and girls from Dallas, Fort Worth, Tyler, Houston, San Antonio, Waco, Corsicana and other places throughout the state are eagerly awaiting the contest," Brantley said, adding "it is a thrill no one can imagine to see a real miniature airplane, its powerful little motor roaring nearby as loud as the 'real thing,' going tearing down the runway and up into the clouds, then sit down for a perfect three-point landing." "Then, too, it is heart-breaking to a builder to see his plane, that it took many days of tedious and painstaking labor to build, to come roaring toward the ground and hit so hard that it is impossible to pick up the pieces even with a shovel. However," he said, "that sort of thing seldom happens, no carefully made models of the little ships been sent, and so well do their owners and builders know just how they will react to the type of landing field and the wind currents of the day."

Prizes amounting to \$50 are to be given the winners. The little one-lung motors, revolving at 10,000 revolutions per minute, on 1-30 to 1-5 horsepower, make as much noise as a motorcycle, they are not dangerous, but they are so fast that the children out and let them enjoy this good clean fun—all we are asking," Brantley said, "is that the public stay clear of the ships so as not to get in the way." The public is cordially invited to attend the meet, and no admission will be charged. The contest will be explained over a public address system, and soda water, ice cream and sandwiches will be sold.

Currie Annexed Two Contests Sunday

CURRIE, Aug. 17.—(Sp.)—Currie baseball club won a couple of contests here Sunday afternoon, taking the Bazette combination into camp in the first tilt, a Navarro county league contest, 7-1. Allman, c, pitched the second straight victory in the 3 cup contest with a 3-2 decision over the Goebeck combination.

Bennett, hurling the first game, kept his hits scattered while in the second Kirk pitched alright baseball, also allowing only six bingles.

Dr. Pepper And Ennis Winners Tuesday Night

STREETMAN, Aug. 18.—(Sp.)—Dr. Pepper of Corsicana and Ennis survived the competition of the local invitation softball tournament Tuesday night. Dr. Pepper eliminated Streetman, 6-3, in a hotly-contested affair, while Ennis rolled up a 15-2 decision over the Buffalo contingent.

American Well of Corsicana will oppose Kirven Wednesday night in the final game of the first round. Semi-finals are carded Thursday evening with the championship affair slated for Friday night.

Family Reunion In Curry Home Draws Large Attendance

At the home of the Curry's, one of the oldest pioneer families in the state, near Purdon, a family reunion was held Sunday, Aug. 15. The Curry family moved to its present location about 80 years ago and the only move being made during that time was when the family moved from a log house just across the road to the house which it now occupies.

The brothers and sisters of the immediate family who were present at the reunion were, Misses Mary and Nannie Curry, Purdon; Mrs. Dora Anderson, Cleburne; and J. B. Curry, St. Carlton.

Other relatives and friends present included Mrs. Finley Cope, Eden; J. B. Curry, Jr., Carlton; Mr. and Mrs. G. Kenney and sons, Curtis, Jr., and Billy, Carlton; Mrs. Carl Carmack, Los Angeles, Calif.; Miss Margaret Curry, New Mexico; Mr. and Mrs. Walker Curry, Carlton; Mr. and Mrs. Fred Curry and children, Nattie Joe and Billy Fred, Carlton; Miss Pauline Curry, Temple; Dan Erwin, Rosebud; Miss Mittie Walker, Carlton; Mrs. Genevieve McGuire and children, Bobby and Louise, Cleburne; Mr. and Mrs. Roy J. Anderson and children, Roy, Jr., Catherine and Jack, Joshua; Mrs. L. C. Holder and children, Lewis Curry, Sylvia Ann and Nora Beth, Taico; Mr. and Mrs. G. H. Little, Hillsboro; Mrs. Nannie Enlow, Italy; Mrs. Durwood Bateman, Italy; Dalton Pearson, Purdon; Mr. and Mrs. Will Crossland, Purdon.—Contributed.

Representative of RFC Visits Here

A. C. Hall, representative of the Reconstruction Finance Corporation, with headquarters in Dallas, was in Corsicana today conferring with Red Cross officials in connection with a survey he is making of the recent storm damage.

SENATE CONFIRMS HUGO L. BLACK TO U. S. SUPREME COURT

SOUTHERN LIBERAL SENAT-
OR GIVEN 63 TO 16 VOTE
OF APPROVAL

WASHINGTON, Aug. 18. (AP)—Hugo L. Black, who came out of the deep south as a liberal senator 10 years ago, will put on the robes of a Supreme Court justice next October.

The outspoken Alabamian, confirmed by his colleagues late yesterday by a 63-16 vote, is the first Roosevelt appointee to the high tribunal.

By their one-sided confirmation, senators rejected the contention of opponents that he once belonged to the Ku Klux Klan and was temperamentally unfitted for the bench.

The 51-year-old New Dealer, accepting congratulations with a broad smile, said he will resign from the senate at once. After a vacation, he will take the seat of the conservative Justice Willis Van Devanter, retired, when the autumn term of court begins.

Black pledged himself to "serve the people to the best of my ability." He will have opportunity, if he wishes, to help pass on constitutionality of laws which he helped pass.

Despite the vehemence of the opposition, fewer senate votes were registered against him than against confirmation of either Chief Justice Hughes or the veteran Justice Brandeis.

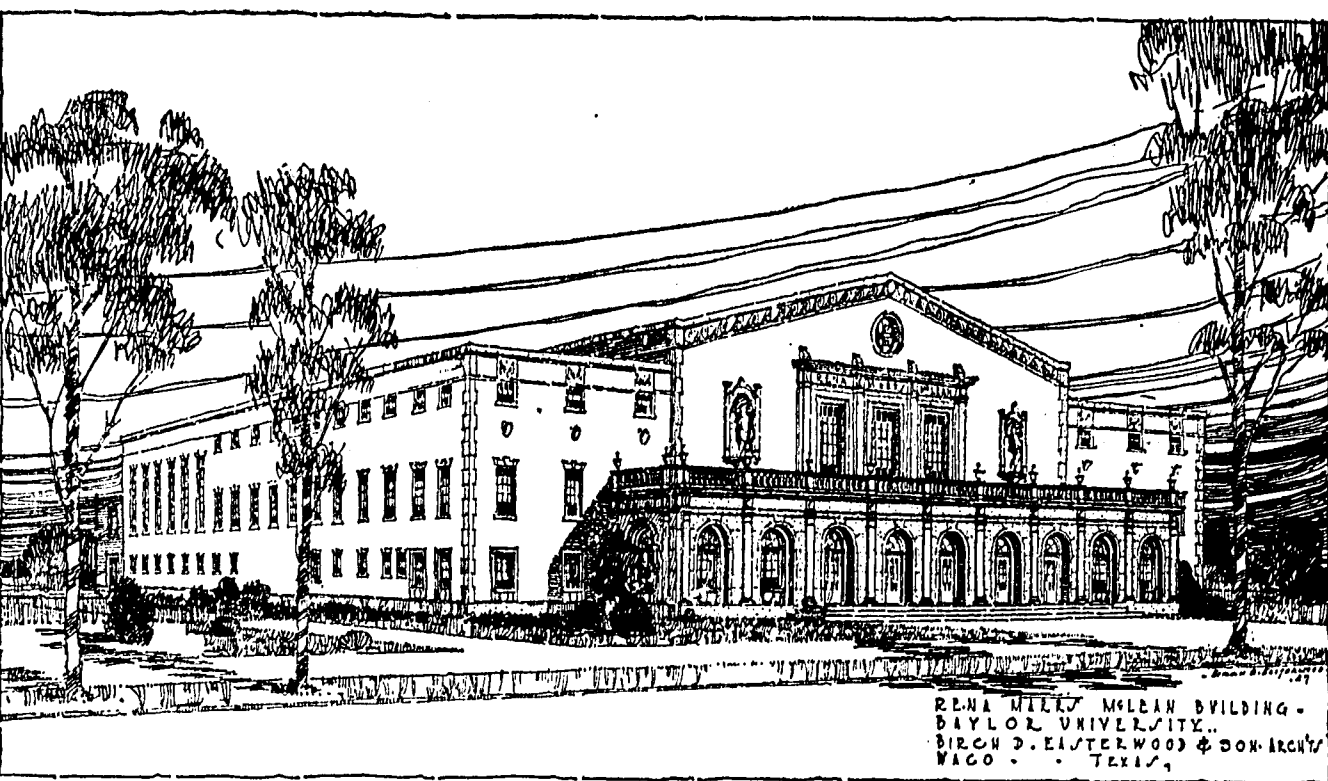

A handful of foes pounded all afternoon against the advisability and legality of his appointment.

Six Democrats Opposed.

Six democrats joined 10 republicans in voting against confirmation. The democrats were: Burke, Byrd of Virginia, Connally of New York; Gerry of Rhode Island; Glass of Virginia, and King of Utah.

The republicans opposing confirmation were Austin of Vermont, Borch of Idaho, Bridges of New Hampshire, David of Pennsylvania, Hale and White of Maine, Johnson of California, Lodge of Massachusetts, Stiver of Oregon, and Townsend of Delaware.

New Baylor Physical Education Building

WACO, Aug. 19.—(Spl.)—Marrs McLean, San Antonio-Beaumont oil man, rancher and civic leader, and Mrs. McLean, today donated \$50,000 to the new physical education plant to be erected on the Baylor University campus, President Pat M. Neff announced.

The new physical education building will be known as the Rena Marrs McLean Building, honoring Mr. McLean's aged mother. Construction of the building will begin immediately. Mr. McLean, on the Baylor campus recently, assisted in locating the site for the new building. With him here were D. K. Martin of San Antonio, and Earl C. Hanka-

mer of Houston, both Baylor trustees.

Mr. McLean is owner of the Paint Creek Ranch of 17,000 acres near Junction, Texas, reputed to be the choicest and most beautiful ranch and best stocked hunting preserve in Texas.

For the past years Mr. McLean has been identified with the oil business and is recognized as one of the foremost authorities on coastal salt dome operations. He is one of the pioneers in development of the salt production of several old salt domes, particularly High Island, Spindle Top and Vinton. Besides being recognized as one of the leading and most successful oil operators,

Mr. McLean is also identified with numerous civic and educational enterprises.

Mr. McLean's mother, after whom the new Baylor building will be named, has been actively identified with the Baptist church for more than half a century and is one of the most active members of the First Baptist church of Beaumont; and it is on account of her interest in the Baptist church and its institutions that Mr. McLean made this gift.

Details and plans of the new building were prepared by Birch D. Easterwood and Son, local architects, and shown for the first time Sunday.

It is planned that the building will be completed for the opening of the second term of school at the University in December.

The new five-story structure will be 150x200 feet, constructed with light outside brick and ornamental stone front. A large swimming pool will be built in the plant that is to house all of the physical education department of the university. Basketball section will seat 3,500 fans. Four large physical education rooms will be provided. There will be lecture rooms, club rooms, office space for physical education and athletic departments, dressing and rest rooms.

New Shoe Store Opens Saturday Exclusive Shop

Announcement was made today of the opening Saturday of the new shoe department at the Exclusive Dress Shop, corner North Beaton street and West Fourth Avenue. A. L. McCafferty, recently of Seidenbach's store, Tulsa, is manager of the department.

A portion of the cases on the north wall of the store have been removed, and shelving has been put in to accommodate the stock of shoes. The shelving has been decorated in the same modernistic design as the remainder of the store fixtures, and patrons in the shoe business will be accommodated with chrome modernistic chairs.

A complete line of Paris Fashion and Connie's nationally advertised women's shoes, in the newest styles, heel-types and materials will be handled, in prices ranging from \$2.99 to \$5.

Mr. and Mrs. McCafferty arrived in Corsicana last Wednesday from Tulsa and are located in an apartment at the Riph Beaton, Sr., home at 518 West Fourth Avenue. Mr. McCafferty has had many years experience in the shoe business, having operated stores for large companies in Texas, Oklahoma, Illinois, Minnesota, Iowa and Michigan.

Britain Issues Decisive Orders Against Subs

LONDON, Aug. 18.—(AP)—Britain moved sternly today to protect her "arterial road" through the Mediterranean with what was described as a "shoot-to-sink" order against submarines that molest British merchantmen.

The dramatic order crackled from the admiralty radio to units of the Mediterranean fleet and to the naval bases at Gibraltar and Malta. It was interpreted in London as a sure indication that British patience was near the breaking point, as the result of an increasing series of air and sea attacks reported in sections of the Mediterranean far from Spanish waters.

The admiralty order, executing a decision of the British cabinet yesterday, brought this comment from an admiralty spokesman:

"This promiscuous sinking of ships is getting a bit steep. We are simply taking the world we will take action. That's flat. If one of our ships is attacked without warning, we will sink whoever did it. That's it in a nutshell."

Of eight ships reporting attacks since August 6 only one was of British registry, however.

FOUR KILLED AND TEN INJURED FROM DESTROYER BLAST

PHILADELPHIA, Aug. 18. (AP)—Four men were killed and ten injured by a steam explosion aboard the U. S. destroyer Cassin today at the Philadelphia navy yard, the commandant's office announced.

The Cassin, one of the navy's newest destroyers, was in drydock at the navy yard for repairs when an exploding steam pipe showered a crew of workmen in the fire room with metal and scalding steam.

The announcement was made by Rear Admiral W. T. Cluverius, commandant of the fourth naval district, after a board had inquired into the cause of the accident and the casualties.

Three of those taken to the St. Agnes Hospital were identified as civilian workers at the navy yard. They were burned seriously.

Membership can be brought a life of greater opportunity, of greater security, or greater happiness.

Mr. Roosevelt reviewed early settlements in North America, saying they were made by people seeking an opportunity which they would not find in the old world.

But, he said: "I fear very much that if certain modern Americans, who profess loyalty to the American ideal, were suddenly to be given a comprehensive view of the earliest American colonists and their methods of life and government, they would promptly label them socialists."

"They would forget that in these pioneer settlements were all the germs of the later American constitution."

Little Streetman Girl Is Injured

Betty Lou Dickson, 7-year-old Streetman girl, is a patient in the Corsicana Hospital and Clinic, in a serious condition as a result of a head injury received Saturday afternoon. She is reported to have fallen from a moving automobile, and received a fractured skull.

PRESIDENT DEFENDS DEMOCRACY AGAINST ATTACKS OF SELECT

ROOSEVELT DECLARES HE
SEEKS NO CHANGE IN FORM
AMERICAN GOVERNMENT

MANTEO, Roanoke Island, N. C., Aug. 18.—(AP)—President Roosevelt declared today "Democracy—and more democracy" is the answer to "tory insistence that salvation lies in the vesting of power in the hands of a select class."

"I seek no change in the form of American government," he said. "Majority rule must be preserved as the safeguard of both liberty and civilization."

The president, renewing his criticism of the Liberty League and others who he said "thunder today" at celebration marking the 350th anniversary of the founding of the "Lost Colony."

He based much of his address broadcast nationally, on a letter which Lord Macaulay, English historian, sent in 1857 to an American friend—H. S. Randall, a New York writer.

(Lord Macaulay was an important figure in English politics in the first half of the nineteenth century. Internationally he was more famous for his history of England.)

(Macaulay served in parliament, as legal adviser to the supreme court of India and as secretary of state for war.)

Macaulay wrote that democracy would not succeed in the United States, adding:

"Either some Caesar or Napoleon will seize the reins of government with a strong hand, or your republic will be laid waste by barbarians in the twentieth century."

"American Lord Macaulays," Mr. Roosevelt dubbed "American Lord Macaulays" persons who "tell you that America drifts toward the scylla of dictatorship on the one hand, or the charybdis of anarchy on the other."

The president said:

"Almost, methinks, I am reading not from Macaulay but from a resolution of the United States chamber of commerce, the Liberty League, the National Association of Manufacturers or the editorials written at the behest of some well-known newspaper proprietors."

"I conceive it to be true that I am just as strongly in favor of the security of property and the maintenance of order as Lord Macaulay, or as the American Lord Macaulays who thunder today. And in America the American people are with me, too."

He referred at another point to that assertion:

"Believe me, I am of the firm belief that the nation, by an overwhelming majority, supports my opposition to the vesting of supreme power in the hands of any class, numerous or select."

"Macaulay condemned the American scheme of government based on popular majority. In this country 80 years later his successors do not yet dare openly to condemn the American scheme of government by popular majority, for they profess adherence to the form, while, at the same time, they every act shows their opposition to the very fundamentals of democracy."

"They love to intone praise of liberty, to mouth phrases about the sanctity of the constitution—but in the hearts they distrust majority rule because an enlightened majority will not tolerate the abuses which a privileged minority would seek to foist upon the people as a whole."

Under the latter, Mr. Roosevelt said, "the poorest are no longer necessarily the most ignorant part of society."

What, It Stands For.

"Under the American government property can be secured under it abuses can end; under it order can be maintained—and all of this for the simple, cogent reason that to the average of our cit-

Failures In Texas During Month Of July Show Increase

AUSTIN, Aug. 17.—(Spl.)—Commercial failures in Texas during July made a generally unfavorable record, the University of Texas Bureau of Business Research has announced. According to reports from Dun and Bradstreet, Inc., fifteen failures occurred during the month, an increase of 25 per cent over July last year but a decline of 11.8

per cent from the preceding month. Total liabilities of \$217,000 were 58.1 per cent over July a year ago and 143.3 per cent over the preceding month; while the average liability per failure, \$14,000, was up 16.7 per cent from a year ago and 180.0 per cent from June, 1937.

HOFHEINZ UNABLE REACH CORSICANA FOR SPEECH HERE

County Judge Paul H. Miller received a telegram Thursday morning from Judge Roy Hofheinz of Harris county expressing his regret that an important business in Houston prevented his keeping a speaking engagement in the county court room at 10 o'clock this morning.

Judge Hofheinz was scheduled to have spoken in favor of the state constitutional amendment which would enable his county to try a "pay-as-you-go" system of building permanent roads and bridges by direct tax levies rather than the generally used bond system. Although the entire state must vote on the amendment it will affect only Harris county.

Telephone Threats.
DALLAS, Aug. 19.—(AP)—Mrs. George Baer, wife of the vice president of the United Hatters, Cap and Millinery Workers, reported to police early today that a man telephoned her and told her to "tell him (Baer) to keep away from the boys in the picket line." Mrs. Baer said the man said his name was "Jackson," quoting him as saying "just tell him it's the Jackson who gave him ten hours to get out of town."

Baer, 38, is in a hospital, still in serious condition from a beating he received Aug. 9 when he was kidnapped by a group of men.

Americans Arrive Safely.
WASHINGTON, Aug. 19.—(AP)—Paul V. McNutt, United States commissioner to the Philippine Islands, reported today that 375 American nationals had arrived safely at Manila after being evacuated from Shanghai.

The refugees included Mrs. Theodore Roosevelt, Jr., and a son, who have been touring the Orient.

Ice Cream Supper.

Important Notice To All Election Officials

Immediately upon the completion of the count of your box please phone (Collect) results to the Corsicana Daily Sun.

The Sun will attempt to give complete county totals the night of the election. This will be impossible without your box.

Just tell the operator to connect you with the Daily Sun, Corsicana, (Collect).

You should bear in mind that there is a law in effect requiring that your returns be phoned in immediately after the polls are closed and the count completed, and imposes a stiff penalty on the election judge if he shall neglect to do this. The law further provides that the official returns shall be made to the county judge and county clerk within twenty-four hours after the ballots are counted. A fine of not less than \$50.00 nor more than \$1,000.00 is the penalty fixed by law for any violation of the election law.

This is very important and your co-operation will be greatly appreciated.

We will make our headquarters at the Sun office the night of the election.

PAUL H. MILLER, County Judge.
L. L. POWELL, County Clerk.

Twice Lucky

Twice smiled upon by Fortune within two weeks is Mrs. Jose Bishop, veteran prospector. Shortly after she learned her properties near Cantill, Calif., were rich in radium bearing pitchblende, assaying at \$7,000 a ton, experts informed her deposits of rare helium gas were alongside those of radium.

IT'S ODD But It's Science

By HOWARD W. BLAKESLEE
AP Science Editor.

NEW YORK.—When the ears roar with the usual temporary deafness caused by too much quinine, it's really your brain and not your ears that you listen to. The quinine gets into the brain. It affects the temporal lobe, one of the portions of gray matter that translates the sound impulses in the ear into the sense of hearing.

H. Marshall Taylor, M. D., of Jacksonville, Fla., informs the medical profession that he has

made spinal punctures on patients given 30 grains of quinine for treatment of malaria, and has found quinine in the spinal fluid. Some drugs which cause deafness act on the ears, but others, he says, pass readily into the brain. Other substances that can cause head noises in susceptible persons he says are salvarsan, phosphorus, lead, carbon monoxide, aniline hair dyes and tobacco.

Concrete Pouring On Highway 22 Is Moving Rapidly

Pouring of the 20-foot concrete slab on Highway 22 between Pickett and Frost is going forward at a rapid rate. A distance of 1.7 miles had been poured Wednesday afternoon when operations were stopped by showers. The job was started a week ago Wednesday afternoon. The contractor is pouring approximately 150 feet per hour.

It was expected that the work would be resumed Thursday in the event additional rains are not encountered and the goal of the crew for Saturday night is Barry.

Navarro County
A&M Co-Operative
Group to Meet
A meeting of the Navarro County Texas A. and M. College cooperative group has been called for the Corsicana Y. M. C. A. at 2 o'clock, Sunday afternoon, August 20, by J. R. Stough, business manager.

All members of the group and those contemplating going to A. and M. are invited to attend the meeting.

Stars In Western

Two new songs by Gene Autry, composer of more than 800 cowboy ballads, two operatic arias by Hope Manning, feminine lead, a repertoire of songs and music by Sons of the Pioneer, and an eccentric musical number by Smiley Burnett, who plays five instruments at the same time, comprise the lyrical-melody contribution to Republic's "The Old Corral." This latest Autry musical which opens Friday at the Ideal theatre, features a clash between Western deputies and a gang of Eastern gunmen with an exciting cross country bus and automobile race adding to the general interest.

Conservation

(Continued From Page One.)
worked out by the staff of trained workers at the local camp. During the past year, at least one type of each project included under the farm soil conservation program was completed in the county and in many instances more than one example. These included proper terracing, proper construction of terrace outlets, drainage controls, erosion control measures, establishment of permanent pastures, contour cultivation, strip cropping and other features. Persons interested were extended a cordial invitation to call at the unit's headquarters and make arrangements for a visit to any of the projects.

During the past year, the re-

port of the Corsicana unit shows that a total of 184 miles of terraces were constructed protecting some 3,800 acres of land, and some 2,400 additional acres were safeguarded by strip cropping and other measures. In addition some 1,000 acres were soddied in grasses either as improved permanent pastures or acreage that was retired from cultivation to pasture purposes.

Under advice of the service, a number of the co-operators in the Corsicana Soil Conservation camp area mowed pasture acreage to eliminate possibilities of weed growth that would destroy the usefulness of pasture lands.

Terraces Constructed.
Terraces amounting to more than fifteen miles have been constructed recently on farms of Aaron Prince, National Life and

Accident Insurance Company, Mrs. A. G. Elliott, T. G. Allen, R. L. Harris and B. B. Stringer, and approximately 800 acres of land protected.

At the present time terraces are under construction on the T. L. Griffin farm, that of Mollie E. Brice, T. J. Garner, and J. W. Richards; others who contemplate starting work immediately are J. A. Bonner State Orphans Home, Dr. L. E. Kelton, A. C. Kent, Mrs. Martha B. Brown, and L. R. Hall.

T. K. Morris, technician-in-charge, has extended a cordial invitation to any landowner or operator to consult with the service officials at any time on any problem within their scope and to join in the soil conservation program and activities.

Why FIRESTONE

MAKES A

SAFER

TIRE

AT A

LOWER PRICE

PRICES AS LOW AS \$6.40

IN THE Firestone Standard Tire, you get extra value in the form of extra safety. It costs more money to build a safer tire. But Firestone can build a first-quality tire made of top grade materials and sell it for less money, because Firestone controls rubber and cotton supplies at their sources, manufactures with greater efficiency and distributes at lower cost.

YOU GET EXTRA PROTECTION AGAINST BLOWOUTS—eight extra pounds of rubber are added to every 100 pounds of cord by the Firestone patented Gum-Dipping process. By this process every fiber of every cord in every ply is saturated with liquid rubber. This counteracts dangerous internal friction and heat that ordinarily cause blowouts.

YOU GET EXTRA PROTECTION AGAINST PUNCTURES—because under the tread are two extra layers of Gum-Dipped cords.

YOU GET EXTRA PROTECTION AGAINST SKIDDING—because the tread is scientifically designed.

YOU GET LONGER NON-SKID MILEAGE because of the extra tough, long-wearing tread.

You need all of these features to make your car tire-safe on your week-end or vacation trip. Firestone gives them to you at lower cost. Join the Firestone SAVE A LIFE Campaign today by equipping your car with a set of new Firestone Standard Tires—today's top tire value.

DON'T RISK YOUR LIFE ON SMOOTH WORN TIRES!

DO YOU KNOW

THAT last year highway accidents cost the lives of more than 38,000 men, women and children?

That a million more were injured?

THAT more than 40,000 of these deaths and injuries were caused directly by punctures, blowouts and skidding due to smooth, worn, unsafe tires?

DATES SET ANNUAL TRIALS AT BETHEL NOVEMBER 22-25

LARGE PURSE GUARANTEED FOR WINNERS IN TEXAS OPEN CHAMPIONSHIP

By PAUL MOORE
Sun Sports Editor

Officers for the ensuing year were elected at the annual meeting of the membership of the Texas Championship Field Trials Club Wednesday night held at the Navarro Hotel and plans for the Texas open championship trials at Bethel, Anderson county, in November were made. The cash prizes for the open championship race was set at \$1,500, with \$1,000 to the first place and \$500 to the second place winner.

The open championship trials will be held November 22 to 25. This is an earlier date than in former years and was set in order that better weather conditions might be encountered. When the trials are held in the winter, frequently mud and inclement weather interferes with the trials. It was announced that plenty of horses would be provided and meals are available at the grounds during the trials.

A. F. Mitchell, Corsicana sportsman-engineer, was named president of the club, succeeding J. Bryan Daniel of Fairfield. The newly-elected president is now in California on a vacation trip and as soon as he returns here, considerable work will be made toward the approaching trials.

Other officers elected Wednesday night included Roy L. Weir, Jr., Malakoff, secretary-treasurer; J. B. Daniel, Fairfield; Ed Ritters-

WALLACE AND OTHER OFFICIALS REPORTED PLANNING ONLY NINE CENTS FEDERAL COTTON LOANS

WASHINGTON, Aug. 18.—(AP)—Usually accurate informants said today Secretary Wallace and other administration farm officials have recommended that loans on this year's cotton crop be at a 9-cent basis.

This would be one cent below the rate suggested by cotton state congressmen who won support for a loan and subsidy program from President Roosevelt.

In exchange, they gave assurance that crop control legislation will be the first order of business in the next congress.

These same persons said Wallace also has agreed to increase payments to cotton growers who co-operated in 1937 soil conservation program by 10 per cent, or about \$10,000,000. This would reverse the stand which he took in June.

Wallace and other government farm officials agreed, it was said, that loans on a basis of 9 cents,

coupled with a subsidy payment to growers, would permit the dedicated larger cotton crop to sell freely in world markets.

The subsidy payment would be equivalent to the difference between 12 cents and any lesser figure received on sales in the open market. This, it was said, would assure growers a fair price and still permit American cotton to compete with lower-priced foreign growths.

The subsidy payments would be limited to about 65 per cent of the more than 15,500,000-bale crop this year with payments only to those growers who fulfill restrictions of the control program developed for 1938.

Officials tentatively have estimated these payments would cost about \$65,000,000. They said market conditions would determine the amount of money required for loans of about \$45 a bale.

bachers, Corsicana; J. N. Edens, Jr., Corsicana; J. Harry Burke, Corsicana; A. F. Mitchell, Corsicana; and J. Sewell Lawson, Palestine, directors; Lawson Dean, Athens; Harold Gee, Bethel, and F. F. Dietz, Palestine, ground committee; A. P. Mays, Corsicana; Roy L. Weir, Jr., Malakoff, and J. D. Dashiell, Palestine, yearbook committee.

F. N. (Shotsy) Hargreave of Palestine was named field marshal.

Judges are Hugh Buckingham, Memphis, Tennessee, and W. T. Windsor, Akron, Ohio.

Officials reported there were more birds on the ground than at any previous year and the largest field of entries in the history of the club is expected.

There were 30 present at the banquet served.

Retiring Officials.

Old officers included J. Bryan Daniel, president; J. Sewell Lawson, Palestine, secretary; and C. D. Dashiell, Palestine, treasurer.

Old directors were J. N. Edens, Jr., A. F. Mitchell, Ed Ritters-

bacher and J. Bryan Daniel.

Members of the club include Ralph E. Brown, A. F. Mitchell, Albert Levi, J. N. Edens, Jr., Elmer Rittersbacher, Ed Ritters-

bacher, Marvin Wallace, W. P. Brown, Aubrey Rawlinson, R. L. Weir, Lowell Edwards, Paul Moore, W. T. Shell, Jr., Fred M. Allison, Sr., Jack Cunningham, Jim Collins, W. M. Spear, R. D. Flem-

ing, J. N. Edens, Sr., Robert Cason, H. R. Stroube, Lowry Martin, W. C. Stroube, Dr. M. Smotherman, John Sibley, J. N. Garlity, Charlton Hunter, Dr. J. P. McKinney, Chas. Paul, Frank Moon, all of Corsicana, and Ruben Milligan, Streetman.

J. Bryan Daniel, Fairfield; Roy I. Weir, Jr., Malakoff; John Jackson, Malakoff; Will Faulk, Malakoff; Lawson Dean, Athens; C. G. Dayton, Fairfield; D. Dashiell, Palestine; F. F. Dietz, Palestine; J. Sewell Lawson, Palestine.

Trunk Murderer Found Soon After Body Discovered

NEW YORK, Aug. 18.—(AP)—The number "830," left inadvertently on a trunk which held the nude body of Oliver George Sinecal, 25, was the clue which led police today to the body of the trunk murderer.

The body of Sinecal, a small time thief with a transcontinental police record was discovered when a railway express employee saw blood dripping from the trunk yesterday.

The trunk had been left only a few moments earlier by a man who said it contained silverware valued at \$300. It was marked for shipment to "Joe Marshall, Memphis, Tenn."

A bullet hole pierced the back of the dead man's head. A tattoo mark had been slashed from his arm but police working swiftly to solve Manhattan's first trunk murder in years, soon identified him by fingerprints.

Checking the number carelessly left on the side of the trunk, detectives quickly found the luggage dealer who sold it. He lived in the same block as did Ogden, an unemployed cook and dishwasher, and gave them Ogden's address.

Detective Captain Edward Mullins said Ogden told him Sinecal had been shot while they struggled for possession of a gun.

Ogden, who was booked on a homicide charge, said Sinecal had beat him up during a recent quarrel, Captain Mullins related.

Believed Science To Put Infantile Paralysis on Run

NEW YORK, Aug. 17.—(AP)—Dr. Sidney David Kramer, director of the Infantile Paralysis commission of the Long Island College of Medicine, said today science is prepared, for the first time in history, with what it hopes will be a method of protection against the disease.

"Although there is still much experiment to be done before we can say definitely that an effective method of control has been found, there is no doubt but that science has made important advances along this line during the past few months," said Dr. Kramer, who formerly was associated with polio research at Harvard University.

"Tests with nose sprays on the rhesus monkey, only member of the animal kingdom that reacts to infantile paralysis in the same way as human beings, have given hopeful results. We know that the poliovirus enters through a tiny door in the nose where are exposed the hairlike endings of nerves that lead to the brain. Therefore, we have been seeking a method of blocking this little door in the nose against the infantile paralysis germ."

The commission of which Dr. Kramer is director is aided by a grant from the President's birth-day ball commission on infantile paralysis research which Henry L. Doherty is national chairman.

Budge Defeats Texan.

NEWPORT, R. I., Aug. 19.—(AP)—Don Budge, the U. S. Davis Cup ace, gained the semi-final round of the Newport Casino tennis tournament today with a hard earned 10-8, 7-5, 6-3, 6-3 victory over steady John McDiarmid, the Princeton University instructor. Bobby Riggs, qualified for the semi-final round by out-staying his Los Angeles fellow townsman, Gene Mako for an 8-6, 6-3, 6-2 victory.

Sick and Convalescent.

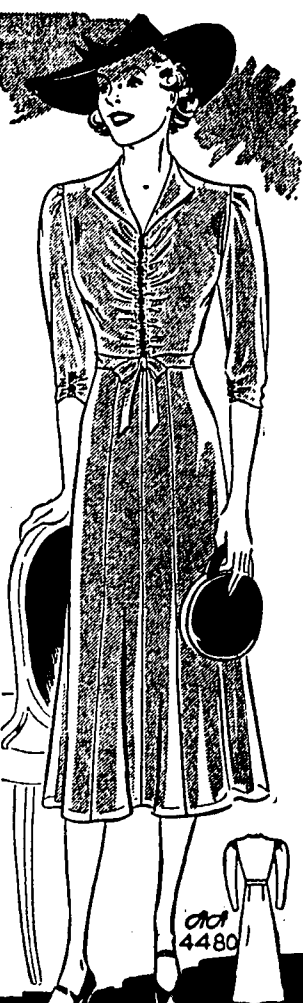

Mrs. Minnie McKee of the State House is a medical patient in the P. and S. Hospital and reported to be in a serious condition Thursday.

Mrs. G. D. Webster of Kerens underwent a major operation this morning at the P. and S. Hospital and her condition was reported to be fair Thursday afternoon.

Mrs. Lawrence McCarver and infant daughter were reported to be resting fine Thursday afternoon at the P. and S. Hospital.

THE CORSICANA DAILY SUN DAILY PATTERN

BODICE GATHERS ARE NEW NOTE
Pattern 4480

by Anne Adams

You'll see them everywhere this season, these so-called "gathers" that enhance the captivating bodice of this attractive Anne Adams frock! They're the "newest thing out" and spell flattery for the fashion-sleek Miss who's the clever chooser of Pattern 4480. Can't you just vision this "charmer" going blithely to afternoon teas and parties, stitched up in one of the new fall fabrics, plucky soft silk jersey, spun synthetic, or bright-hued crepe? Anne Adams assures you easy making, too, for the three-quarter-length sleeves, bodice and gored skirt can be whisked together in no time.

Pattern 4480 is available in misses and women's sizes 14, 16, 18, 20, 22, 34, 36, 38, 40 and 42. Size 16 takes 3-5 yards 39 inch fabric. Illustrated step-by-step sewing instructions included.

Send Fifteen Cents (15c) in coins or stamps (coins preferred) for this Anne Adams pattern. Write plainly size, name, address and style number.

Make your own flattery! Send for our Anne Adams Pattern Book and see how easily you can stitch up the newest, smartest outfits from the easiest patterns ever seen! No matter how inexperienced at sewing, you will want to make these lovely afternoon frocks, party styles, morning models! Variety and flattery for growing-up and grown-up! Book Fifteen Cents. Pattern Fifteen Cents. Twenty-five for both when ordered together.

Send your order to the Daily Sun, Pattern Department, 243 W. 17th St., New York, N. Y.

KIRVEN WALLOPED AMERICAN WELL TEAM AT STREETMAN WEDNESDAY

STREETMAN, Aug. 18.—Kirven turned in the most decisive victory of the current Streetman invitation softball tournament Wednesday evening when they hammered out a 22-2 decision over the American Well & Prospecting Co. aggregation of Corsicana. This was the only tilt of the evening.

Thursday evening's schedule includes a couple of meless expected to prove of unusual interest and a large attendance is anticipated.

Centerville will oppose the Ennis combination at 8:30 o'clock Thursday night in a Central Texas cup race contest. Both teams are undefeated thus far in the season and one of the best games of the year is expected, according to Manager W. B. Hawthorne.

Manager Hawthorne stated that the scheduled Navarro County Baseball league contest with Rice has been postponed until a later date by agreement with Manager Harper of the Rice club.

Dr. Pepper of Corsicana and Kirven will stage the second show immediately following the completion of the Centerville-Ennis session, in a semi-final game.

PRESENT SESSION OF CONGRESS TO COST NATION ABOUT \$12,000,000; ONE LONGEST IN RECENT YEARS

WASHINGTON, Aug. 18.—(AP)—This session of congress—one of the longest in recent years—will cost about \$12,000,000, or \$50,000 a day.

Clerks made this estimate today on the basis of an eight-month session. They explained, however, that the actual cost of operating the legislative department for the entire year will be about \$18,000,000.

The biggest item in the list of salaries for members, secretaries, clerks, law-drafting experts, police, doorkeepers, janitors, pages and other personnel used in the law-making process. It totals \$10,000,000 for the 12 months.

While official figures were not available, it was estimated the congressional printing bill will run close to \$2,500,000 for the session.

Estimates on other items included: Telephone and telegraph, \$100,000; furniture, \$50,000; maintenance of house and senate office buildings, \$1,000,000; stationary, \$75,000; automobiles for the vice president and speaker, \$8,000; special investigating committees, \$150,000; medical supplies, \$3,000; new auto for mail carriers, \$7,900; and allowances for members' traveling expenses, \$1,000,000.

Dumped under a miscellaneous heading totaling about \$500,000 were such items as funerals for members, typewriters, newspapers, ice, laundry, office repairs, rent of warehouses for storage of documents, deficits of capital restaurants, and mineral water for senators.

SCHOOL ALLOTMENTS FOR TEXAS BY WPA NUMBER FOURTEEN

FORT WORTH, Aug. 18.—(AP)—Fourteen public works administration allotments for Texas schools totaling \$772,745 have been made, C. A. Johnson, acting WPA director, announced today.

These are the first allotments for this state since the WPA extension act of 1937 was passed. Estimated total cost of the school projects for which the grants were made is \$1,717,215.

Largest grant was \$265,050 for a junior high school at Port Arthur, estimated total cost of which will be \$589,000. The next largest grant is \$140,250 for a gymnasium and high school at Big Spring. The estimated total cost of this will be \$325,000.

Other WPA grants and estimated total cost follow: Gymnasium-auditorium, Rochester school, Haskell county, \$29,880 and \$66,400; high school and teacherage, Lubbock county, \$36,000 and \$82,000; League City, Galveston county, school, \$25,364 and \$56,364; elementary school and high school, Ellis county, \$37,636 and \$83,636; Donie Freeston county, school and equipment, \$66,681 and \$148,181; Roseco, Nolan county, school, \$40,500 and \$110,000.

These school buildings will replace buildings classed as fire hazards.

Allred Approves All Amendments In Monday's Election

AUSTIN, Aug. 18.—(AP)—Governor James V. Allred publicly stamped his approval today on all of the constitutional amendments to be voted on August 23.

Although he will be in San Angelo election day, attending the state convention of the American Legion, he will cast an absentee ballot for the proposed changes in the constitution.

In announcing how he would vote, the governor also called attention to the fact one amendment would not abolish the new salary plan of remunerating county, district and precinct officials and make return to the fee method mandatory.

"The amendment merely would give the legislature power to provide a system," he said. "In other words the legislature would have some discretion in the matter."

"We now have a part salary and part fee system which is very unsatisfactory. The precinct officers in the big counties and all the officers in the smaller counties are on fees. The system is costing the state a huge sum and officers are not giving the service they formerly give."

Allred said a delegation of county judges and auditors would be here tomorrow to urge a large state appropriation for county officers' salaries under the present system.

The governor took a rap in passing at all detailed legislation in the constitution, asserting such action often made it impossible for the legislature to provide needed adjustments.

Bankhead Urges Cotton Loan.

WASHINGTON, Aug. 18.—(AP)—Senator Bankhead (D-Ala.) asked President Roosevelt today to authorize a government loan of 10 cents a pound on cotton.

The senator, saying Secretary Wallace had advocated a 9-cent loan, told newspapermen 10 cents would be best for both the gov-

ernment and the farmer because

the farmer actually was "going to get 12-cent cotton anyway."

The President recently was reported to have agreed with the cotton bloc in congress, to order loans on this year's cotton to farmers who pledged compliance with crop control legislation which will be enacted next session.

Mr. Roosevelt also agreed, the bloc members said, to grant a subsidy representing the difference between the loan figure and 12 cents, but to withhold pay-

ment of this until after acti-

compliance with a new conti-

law.

Bankhead said the government would only have to pay a 2-cent subsidy under a 10 cent loan. He added such a loan would keep the price from falling below 10 cents, thereby giving a higher immediate return to the farmer who will have to wait until next year for his subsidy.

BELLIGERENTS ARE TOLD TRAFFIC ON RIVER TO BE FREE

NO INTERFERENCE BE PERMITTED UNITED STATES AUTHORITIES SAY

SHANGHAI, Aug. 19.—(P)—United States authorities today firmly rejected both Japanese and Chinese attempts to interfere with movements of American naval or merchant craft on the Whangpoo river, avenue of escape for American or others seeking to flee from embattled Shanghai.

American officials indicated they would refuse to accept a Chinese government notification, compliance with which would mean moving the cruiser Augusta, flagship of the United States Asiatic fleet, out of Shanghai harbor.

A Japanese naval attempt to restrict traffic on the river met with a decisive message from Clarence B. Gauss, United States consul-general, that traffic between Shanghai and the sea must be absolutely unimpeded.

The Nanking foreign office notified representatives of foreign powers that unless they moved their naval vessels now in Shanghai harbor five miles away from any Japanese men-of-war or compelled the latter to move such a distance away China could not "be responsible for consequences."

This notification replied to the "powers' complaints that recent bombings by Chinese aircraft endangered neutral warcraft."

United States officials indicated that this would mean moving the Augusta and other American naval

Comedy Stars

Thorne Smith's uproarious novel, "Topper," which has made millions of readers laugh in every part of the world, now comes to the screen as the latest of the successful Hal Roach feature-length comedies.

Constance Bennett and Cary Grant are co-starred in the new picture, which opens Friday at the Palace theatre, and the outstanding cast also features Roland Young in the title role, Billie Burke, Alan Mowbray, Eugene Pallette and others.

vessels entirely away from Shanghai, which could not be done while these ships were needed to protect the evacuation of American nationals down the Whangpoo and protect Americans ashore.

British and French authorities were understood to have taken the same attitude.

KNIGHTS COLUMBUS DISCUSS COMMUNISM AND MEXICO STAND

SAN ANTONIO, Aug. 19.—(P)—Communism and the Mexican government's attitude toward the Catholic church provided most for debate today for delegates to the International Knights of Columbus convention.

The resolutions committee, instigated by Chairman Luke E. Hart of St. Louis, had drafted vigorous protests for delegates to vote on. One condemned the closing of Mexican Catholic churches, and restriction of priestly activities in growth of communism in the United States. The other proposed a formal protest of the existence and of States.

Today's session was the last of the convention.

Officers chosen yesterday included Martin H. Carmody of Grand Rapids, Mich., for years head of the organization, supreme knight; Francis P. Matthews of Omaha, re-elected deputy supreme knight; and William J. McKinley of New Haven, Conn., elected supreme secretary for his 24th year.

Others re-elected were: D. J. Callahan, Washington, D. C., supreme treasurer; Luke Hart, supreme advocate; the Rev. John J. McGivney, Bridgeport, Conn., supreme chaplain; Edward W. Fahey, St. Paul, Minn., supreme physician; and David F. Supple, San Francisco, supreme warden.

Contributions to Red Cross Relief Come In Slowly

Contributions continued to trickle in for the storm victim relief fund Tuesday and at noon a total of \$70 had been donated at the Daily Sun office and the First National Bank. No reports have been received from the campaign in any other communities in the county.

Previously reported.....\$6,116.75
Contributed Tuesday..... 70.00
Total.....\$6,186.75

Contributors not previously listed included Mr. and Mrs. Murphy Williams, R. T. Collins, Chester Sprinkle, L. A. Pinkston Estate, E. M. Polk, Sr., Wm. Cameron Company, Inc. and Corsicana Grader & Machine Company.

Temple Man Killed When Pole Fell On Him at Coolidge

COOLIDGE, Aug. 19.—(P)—Charles Stokes, 30, of Temple, was killed here today while unloading a car of electric light poles. Witnesses said that one of the poles fell on Stokes, killing him instantly.

His body was brought to Mexico funeral chapel and it is thought will be sent to Temple for burial.

Public Debt at New High.
WASHINGTON, Aug. 19.—(P)—The public debt reached a new record peak of \$36,801,415,047 Aug. 17. A treasury report showed today this figure compared with \$34,410,620,689 on the corresponding date last year.

MORE MARINES ARE ORDERED SHANGHAI PROTECT AMERICANS

FUNDS ALSO ASKED BY SECRETARY HULL FOR EVACUATION OF NATIONALS

WASHINGTON, Aug. 17.—(P)—Secretary Hull said today that the government had ordered 1,200 marines to be sent from San Diego to Shanghai to protect American nationals from violence.

Hull also announced the department was asking congress to appropriate \$500,000 for all necessary relief and evacuation expenses arising from the Shinese-Japanese emergency.

The marines will sail within ten days, Hull added. He added that it would require five weeks to land them in Shanghai.

The secretary made it plain that the re-enforcement of American guards already in strategic places in China was being taken primarily as a precautionary measure and for use possibly as replacement for guards who are there.

Approximately 1,400 American women and children are expected to be evacuated from Shanghai by the end of this week, Hull said. It was understood most of them will be leaving on commercial vessels.

The secretary of state said he thought only about 2,500 nationals would be left in the strife-torn inland cities by the end of the week. There were 40,000 in Shanghai before hostilities out.

Marines Leave Manila.
MANILA, Aug. 17.—(P)—A company of United States Marines, detailed to reinforce other American troops in the Shanghai war zone, departed today, in connection with the liner President Hoover.

The troop detachment included 102 marines with full field equipment and two naval doctors with a large quantity of medical and other supplies.

Unconfirmed reports here indicated that more marines were scheduled to sail from here for Shanghai next week.

Roosevelt Considers Steps.
WASHINGTON, August 17.—(P)—President Roosevelt has been considering two possible steps, informed persons said today, in connection with the undeclared war between China and Japan:

1. Rushing reinforcements to China to protect Americans.
2. Invocation of the neutrality act against both China and Japan.

Mr. Roosevelt consulted yesterday not only Secretary Hull but General Malin Craig, army chief of staff; Rear Admiral James O. Richardson, acting chief of naval operations; and Stuart K. Hearn, chief of the state department's Far Eastern division.

Although none would comment on the discussions, it became known later some government officials have contended a complete evacuation of Americans from China would require additional protection.

They were reported to have expressed the opinion privately that available troops could not meet the situation because of the number of persons to be moved and the time required.

Houston Woman Burned to Death In Auto Accident

HOUSTON, Aug. 17.—(P)—Mrs. Mary McDonald Edwards, 20, burned to death early today in an automobile collision near Pasadena.

Sterling Anderson, who was riding with Mrs. Edwards, and Virginia Highfill and Ned Forcum, occupants of the other car, were injured.

Deputy Sheriff M. A. Winn of Pasadena said the cars collided head-on and that Anderson's machine burst into flames before anyone reached the scene.

The victim's husband, Earl Edwards, was in a Houston hospital under treatment for injuries received in a fall from a ladder August 4.

The body of Mrs. Edwards will be sent to Dallas for burial.

Two Named On Board.
AUSTIN, Aug. 19.—(P)—On recommendation of the board of water engineers, Governor James V. Alfred today appointed Tom Miller of George West and B. Wildenthal of Cotulla as directors of the Nueces River Conservation and Reclamation district.

McPherson, Cash, Texas Power & Light Company, and the following from Rice: Mrs. H. C. Cassels, C. L. Gregory, W. L. Marshall, W. C. Mahaley, D. Mahaley, J. D. Spencer, Loop & Walker, Lonnie Williams, A. C. Hervey, J. T. Allen and G. F. Seagraves.

Two Boys Trapped In Closet Burned Death In Home

ERIE, Pa. Aug. 18.—(P)—Two boys trapped in a closet burned to death early today in a fire that swept their home in suburban Wesleyville.

They were Richard Dudley, 15, and his 12-year-old brother, Edward, sons of Mr. and Mrs. Alfred Dudley.

An older brother, Louis, leaped from a second-story window, obtained a ladder and rescued his father and mother from a bedroom.

J. E. Taylor of the state motor police, said the younger boys apparently awoke and attempted to escape through the attic. In the smoke they became confused, he theorized, and walked into a closet each other's arms.

Walkovers Winners.
Walkover Shoe softball club Wednesday night defeated the Waxahachie All-Stars at Waxahachie, 8 to 3. The Waxahachie combination recently won the title of the Richland invitation tournament.

Allen and Poindexter was the battery for Walkover.

BUDGET ADOPTED BY COMMISSIONERS COURT ON TUESDAY

The budget for the expenditures of the various departments and officers of Navarro county during the fiscal year, 1937-1938 was adopted at a recessed meeting of the Navarro county commissioners court Tuesday morning.

The bond of J. B. Jones as public weigher at Frost was approved.

Various persons appeared before the court in the interest of the home and farm demonstration agents work, relief, N. Y. A. and other departments.

G. W. Orm, district agent, extension service, Texas A. and M. college, was present and pointed out that in the past four years the government had provided \$3,500,000 to agriculture in Navarro in bringing out the importance of maintaining a high standard in the county home and farm demonstration agent's work. He stated that 100 years ago there were 20,000 people in Texas; today there are approximately 7,000,000 inhabitants of Texas, and predicted within 100 more years the population of Texas would approximate \$0,000,000. He was stressing the importance of conserving and caring for the land of Texas, and declared that Texas could not afford to lose an acre of its domain.

The budget was approved as submitted with a few minor changes without the increasing or decreasing of the total amounts originally set up.

Miss Ruth Harwell, Ill For Weeks, Happy On Her Birthday

Miss Ruth Harwell, who has been confined to her bed the past two and one-half months, was made very happy on her birthday Tuesday, Aug. 17. About 8 o'clock Tuesday morning she received a telegram from a friend in Chattanooga, Tenn., that seemed to have started the ball rolling, for after that there were special deliveries, cards, and gift packages arriving almost constantly all day.

Tuesday evening about 8 o'clock a group of girl friends came in with a lovely birthday cake with "Happy Birthday, Ruth," beautifully engraved in pink, and each brought a lovely gift. She received more than twenty gifts, which made her very thankful for her many thoughtful friends.

Alfred Going to Atlantic City.
AUSTIN, Aug. 19.—(P)—Governor James V. Alfred has accepted an invitation to address the Governor's conference at Atlantic City Sept. 15, on interstate co-operation in criminal control.

ed that Texas could not afford to lose an acre of its domain.

The budget was approved as submitted with a few minor changes without the increasing or decreasing of the total amounts originally set up.

BEAUTY CHATS

By EDNA KENT FORBES

All requests for beauty information desired by Edna Kent Forbes' column followers must be accompanied by a fully addressed, stamped envelope (4x6) and two cents in stamps to cover cost of printing and handling. For the illustrated pamphlet, "BEAUTY," ten cents in stamps with fully a. s. e. must be enclosed. Address: Miss Forbes in care of this paper.

YOUR HAIR THIS FALL

Well Conditioned Hair.

Your hair needs some extra care, for no doubt the summer sun has dried it out. Miss Forbes tells you what to do to make it alive and lustrous again.

If you want your hair to be lustrous and lively for this fall, and if you want it to look well with dark hats that are coming in now for autumn and winter wear—start at once to make your hair really beautiful. Your hair needs only a little care each day but this must be intelligently and faithfully done.

First of all, have no soap with your shampoo. E. K. Forbes says, "Use yourself, or have your hair dressed by one of the new soulable oils—oils so treated that the dissolve in water. Your scalp and hair is thoroughly rubbed gradually, and after a rich cleansing lather has been worked up, the whole is rinsed off with warm and then cool water. The hair has been and life and retains enough of the oil to stop all dryness from summer sun-burning."

After this has been thoroughly rinsed, you can have a rinse for further beauty. Blonde or platinum, rich brown, black, any shade you wish. There are plenty of these rinses and they are all, as far as I know, quite harmless. The color rinses off with the next shampooing. Or you can use old-fashioned and use lemon in your rinse water for blonde or light brown hair. And vinegar in the rinse water if you use no rinse, to make certain that all soap is out and the hair clean.

Besides the soapless shampoo, rub your scalp with hot olive oil the night before the shampoo, letting the oil soak in all night. And every day brush the hair thoroughly with a stiff bristle brush. Wash the brush every other day. Even if you sacrifice some of your waste, keep on with the daily brushing. This stirs the circula-

tion, and keeps the scalp in a healthy condition. It also encourages the oil supply to the hair. This also makes rich, bright hair. And it does away with dandruff.

M. D.—You might get a great deal of help from a scalp specialist to stop this tendency to grey hairs as such an early age. There is some scalp trouble causing the disturbance, which a diagnosis would show. I should be curable, too. Occasionally, run down, or nervous children, will show a few grey hairs from time to time, but with better health the tendency disappears. Try for skilled treatment if possible, and use a little henna to change the shade of those stray hairs to the deep tan when they will hardly show at all when combed into the whole mass. Bleaching is much better than dyeing.

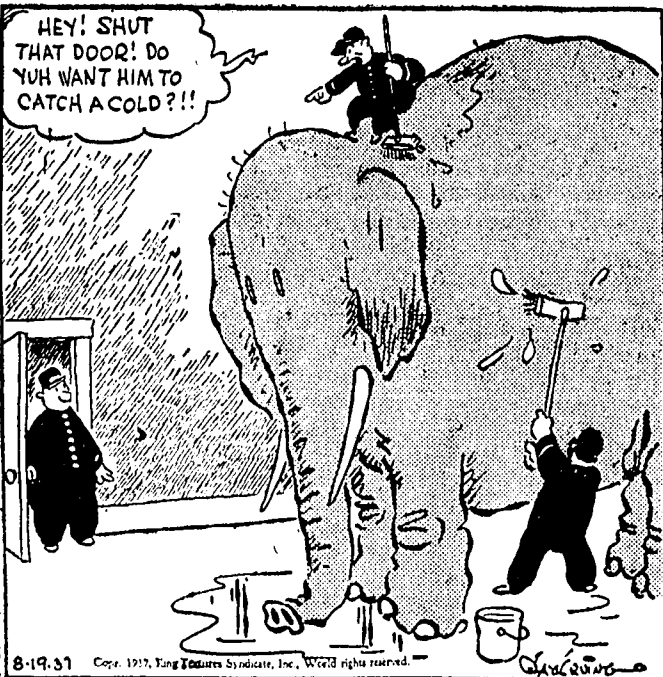

CENTERVILLE WINS OVER LOCAL BAKERS STREETMAN TOURNEY

The first two games of the Streetman Invitation Softball tournament were played Monday night, with Centerville defeating Corsicana's Collin Street Bakery 11-5, and Richland eking out a 4-3 win over Jewett.

On tonight's bill, beginning at 8:35 will be Dr. Pepper of Corsicana meeting Streetman and at 9:45 Pinnis playing Buffalo.

In last night's first game Centerville pounded Pitcher Pinder for 10 hits, while Lynn of the winning team was giving up the same number of blows to the Bakers. Allmon presided behind the plate for the Bakers, and Sullivan received for the winners. In the second game Jewett out-hit Richland, but lacked two runs of outscoring them. Richland hopped on Price for three hits, off which they made four runs, while Davis of Richland gave up four hits to Jewett from which three runs were made. Knotts received for Richland and Lonyer for Jewett.

FUNNY FABLES

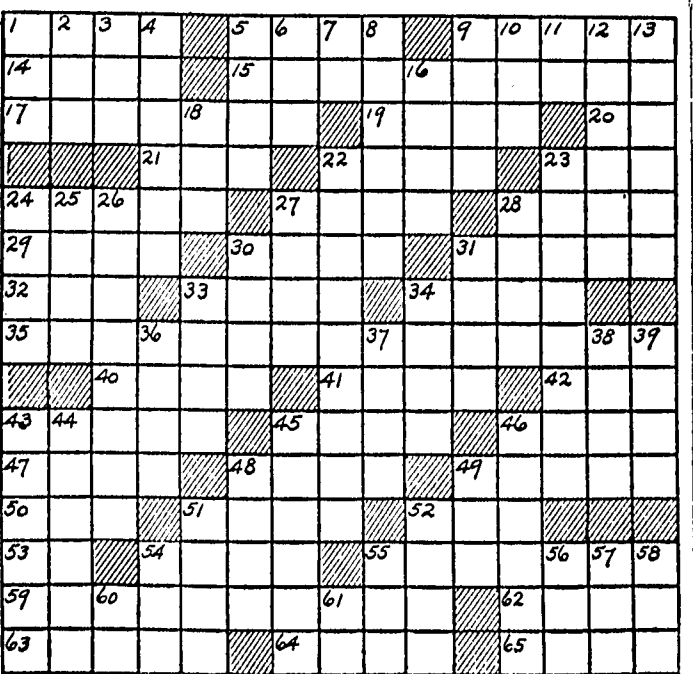

TODAY'S CROSS-WORD PUZZLE

ACROSS

- Genus of the honeybee
- Circle of wood or metal
- Mark of battle
- Fiber plant
- Foolish or absurd
- Hancton
- Narrate
- Italian river
- City in Holland
- Writing table
- Spot on a playing card
- Ran swiftly
- Canvas shelter
